

Saving Penn Station,
or,
The Advantages of Consolidation

This instrument we sign will save the Station;
It will also isolate the payoff,
Health, and other problems which the baths
Have severally caused. It was no cruise,
Convincing all of you to move. The choice
Of where to place the Orgy Room came near
To bringing down our project altogether.
Those of you who said the Main Concourse
Is hard to heat or darken have a point,
And it will be a pity not to see
Its further exposes of iron and glass.
Who in an orgy looks at architecture?
Decorators, whom we cannot well
Afford to lose. The Waiting Room, however,
May cost more to heat, but as you know
Was modeled on the Baths of Caracalla.
For the opening the grand staircase
Will cascade diet cola, Judy Garland
Look Alikes will sell wrist bandages,
Records, and amyl nitrate in the johns,
And body builders from the Sistine Ceiling
Contest will pose on the cornices.
Penn Central we burn now in effigy.
If flaming you-know-what appeal, suttee
Insurance is on sale in coin machines.
